Star Reward Programme

We have Star Reward Programme which has been implemented to encourage students to study hard and excel at learning. It teaches students that there are rewards for hard, disciplined work!

Bronze Award

Popcorn for the winners

Gold Award

First time to use an UFO catcher!

Silver Award

Get our own capsule toys!

Diamond Award

Swing batter

Diamond Award

Racing to the lead

Riddles

(Answers on page 8)

1. What has two arms, a face, and runs with no legs?

2. How many letters are there in the English alphabet?

3. What becomes wetter the more it dries?

4. What answer can you never answer yes to?

5. What is always in front of you but can't be seen?

Life-wide Learning Week

The theme of the life-wide learning programme was environmental protection. During this week, our students were exposed to many different subjects, crisscrossing and overlapping so that the learning experience could be enhanced. It was so much fun!

Reduce Reuse Recycle

Designing our water filters

Learning about sewerage

Fashion show using recycled materials

Making a mini vacuum cleaner

We love all living creatures

Events of Parents and Teachers Association

Our Parents and Teachers Association hold so many wonderful events. Take a look! First we had a succulent buffet before Chinese New Year. Next we went to Yuen Long for the best BBQ you could imagine. Everyone had a fantastic time!

Day Camp in Yuen Long

The BBQ Team

Lunch Buffet before Chinese New Year

All smiles in our Traditional Chinese clothes

Paddle fun

Racing to the bottom

Drinks before lunch

Teachers cooking up a storm

Our Kei Tak family

Voluntary Work

We are a caring and talented school. This is reflected in the charitable performances we hold throughout the school year. From mother and son playing the Chinese lute to selling flags to singing grace with the elderly, caring and sharing is something to be proud of.

Play the Chinese lute in the old people's home

Sell flags in public

Sing grace to the elderly

Education Camp

All Primary 6 students went on a three-day overnight camp in Sai Kung. They explored the beautiful nature and experienced good cooperation.

Hiking

Orienteering is fun

Team building life skills

Walking hard together

General Studies Day encourages our students to explore the world around them and solve problems they may encounter in everyday life.

General Studies Day

Reading with technology

Exploring the world of Science

STEM learning about pressure

Multi-intelligence Classes

Every Friday and Saturday we conduct Multi-Intelligence classes which allow our students to experience a multitude of activities, all designed to be as fun and as informative as possible. Take a look for yourself:

Percussions

African Drums

Karate

Ballet

Kei Tak School Band

Ukulele

Lego fun with computers

Violin

Students' Work

2B Chan Cheuk Sang

My favourite place at school

My favourite place at school is the playground. It is on the ground floor. I have recess in the playground. Sometimes I have P.E. lessons there too. I go there every day. I like the playground because I can see my friends there.

My pet

2A Yip Wai Lok

My name is Alan. I have eighteen fish. They are grey. Their tails are short. They can swim. They like fish food. They are cute. I love them very much.

A day at the fun fair

Yesterday, I went to Christmas Fun Fair in Central Park. At the entrance, a clown gave me a colourful balloon.

Then, I lined up to buy some food and drinks. Some other people stood near the food stall. They chatted with their friends.

I bought a bottle of cola and a packet of French fries. Suddenly a little girl cried because she had no money to buy any food or drinks.

In the end, I gave her a packet of French fries. She smiled and said 'Thank you'. We both felt joyful.

4A Lee Cheuk Man

My dream job

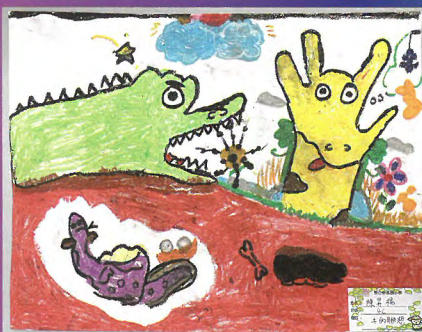

6A Wong Lok Yiu

My dream job is to be an astronaut because I want to see the Galaxy. I want to walk on the moon like Buzz Aldrin too. Astronauts need to drive the rocket and do the mission in space. Astronauts can also enjoy the scenery of space.

Astronauts need to be brave and strong so that they can complete the mission successfully. They also need the ability of problem solving. I read books and watch TV shows about space four times a week so that I can know more about space. I will work hard on my Science Studies. I would like to enter a good university to study Physics as my major. I do believe that I can be the first astronaut who was born in Hong Kong.
