Modern Art (3D Painting)

We have some really creative students here at S.K.H. Kei Tak Primary School. Our inspiring teachers know this, so they have been able to guide students through different forms of Art. See this spectacular 3D art work out the front of our school. Come along and take your own photos. It's truly mesmerizing.

Getting Back to Nature

We decided to get out of the classroom for some fresh air. Our NET, Mr. Michael, led the students on a mini-adventure around the park allowing them to talk about the world around them. Sometimes, the best learning happens when you take a break!
